

Population Health Booster Checklist

This checklist outlines the key engagement actions required from Practice Managers and Healthcare Professionals to align with **Population Health Management** outcomes and the **Population Health Booster**.

BE DIGITALLY ENGAGED

Next Best Actions

-  Obtain patient consent
-  Access patients' electronic health records
-  Register newly diagnosed chronic illness patients on the Chronic Illness Benefit
-  Complete KeyCare specialist authorisation requests digitally

Remuneration

R40
per engaged consult

PROVIDE ACTIVE SUPPORT

Next Best Actions

-  Ensure patients nominate the practice as their primary care professional
-  Enrol and manage eligible patients on Care programmes
-  Prescribe Personal Health Pathways (patients must activate)

Remuneration

R35* = All 3 steps
per eligible patient per month

OR

R15
per patient per month (not eligible for Care Programmes)

DRIVE POPULATION OUTCOMES

Next Best Actions

-  Endorse patients' next best actions
-  Encourage patients to complete their next best actions
-  Monitor patient progress in Personal Health Pathways

Remuneration

If 20% of patients complete their next best actions:

R10*
per patient per month on a Care programme

R5*
per patient per month not on a Care programme

*Paid quarterly, disbursed monthly over the next three months.
